

Who We Are

Mission 500 is a nonprofit organization that works closely with the security industry to serve the needs of children and communities in crisis here in the U.S. Mission 500 exists to advocate for children living in severe poverty, inspire and act as a catalyst in the security industry for excellence in corporate social responsibility, and mobilize volunteers and resource to make a tangible difference for children and families living in poverty in the U.S. Since inception of their 501c3 status in 2016, the industry has helped produce 340,000 meals, assemble care packs filled with essential hygiene items for 3,700 families, and distribute more than 11,500 book bags filled with school supplies to students attending Title One schools.
